SUPER SAP

Product Overview

SUPER SAP[®] CLR Epoxy Resin is our flagship, high-performance clear coating epoxy resin system. The CLR

System is a water clear, UV stabilized epoxy system for applications that require a low colour, low yellowing epoxy resin such as high colour applications. This system features a quick air-release and a world-class UV resistance package. SUPER SAP[®] CLR works with multiple hardeners to match your working parameters. It has an ideal viscosity for a wide range of applications that use hand layup techniques with fast room temperature cures. Super Sap – Make Things Better.

Available in FAST and SLOW cure speeds.

Fast Cure: 21 min pot life, 4 HR tack free time
Slow Cure: 43 min pot life, 8 HR tack free time

Two-part epoxy kits comprised of Super Sap CLR Resin and CLF (FAST) or CLS (SLOW) Hardener.

Note: Always mix product thoroughly for at least 2 minutes, scraping all surfaces in the container to ensure complete mixing. Try to use product in a controlled temperature environment within the optimal specifications of the product.

UV stable, general use epoxy laminating resin for composites, coatings and adhesive applications.

Popular Uses

Best Uses

- Surfboards
- Bar / counter top coating epoxy
- Marine Applications
- Art, Hobby, Craft Resin
- Recreational sport equipment
